---

Good morning all,

Can you please advise whom the attorney's of record are for this inmate? At this time, this inmate has been banned from receiving virtual legal calls. He is no longer authorized to receive legal calls because his family members have been manipulating the system and providing false information to circumvent the legal call system. It is unclear whom his attorneys actually are. Until further notice, the inmate will only be authorized in-person legal visits.

Best,  
Sophia
